Canada Post Strategic  
Review  
330 Sparks St.  
Ottawa, Ontario  
K1A 0N5

Dear Reviewers of above:

It is with misgiving I've read  
in our local weekly paper Gulf  
Islands Driftwood about this  
review and the possible changes  
to our public service. I'm a  
senior, a great letter writer and  
not familiar with E-mail so  
I treasure the great service  
provided by our local P.O.

The thought of closing Ganges  
or Fulford Harbour P.O. is  
just not thinkable. Our P.O.  
is so busy we often wait  
in line to be served by  
efficient, accomodatory staff.

According to this article there  
are no public hearings being  
considered which is not the  
way to go.

Our government should spend  
time in areas which concern  
some of us senior citizens -  
like the ongoing military  
engagements. <sup>sincerely,</sup>  
Betty Bell.
