MUNICIPALITY OF CASCAPEDIA-ST-JULES

RÉSOLUTION # 08-07-081**Subject: Canada Post Corporation Strategic Review**

Verbal process from the regular session of the Municipality of Cascapédia-St-Jules held on July 10th, 2008 at 7:30 PM. Present were the Mayor Pat St. Onge and the following Councillors:

Réal Bujold
Susan Sexton

Rickey Barter
François Blais

The Municipal Inspector James Bujold and the Director General Susan Legouffe were equally present..

As users of the Postal Service, we are worried about the nature of the changes that are presently being examined by the Canada Post Corporation Strategic Review, such as the deregulation of our Public Postal Service. The Municipality of Cascapédia-St-Jules depends on our postal service because we are situated in the Region and our resources can be limited by the distances we must travel.

As citizens, the residents of Cascapédia-St-Jules are directly concerned by the future of our Public Postal Service. Also, the fact that the Government is not holding any public hearings has us worried, any review of Canada Post should include public hearings. The Government shouldn't make any decisions regarding the Public Postal Service until it has sought the consultation of the public in proper and due form. Therefore, the Government should prolong the period for the deposit of letters, etc. and consult with the real owners of the Post Office – The Public.

CERTIFIED TRUE COPY THIS 7th DAY OF July 2008.
