

I have learned of the Review of Canada Post  
I hope the Con Government will Forget  
this and do no harm to Canada. Canada  
Post is as much a part of Canada as our  
Flag. I hope the Government will not do  
something against this Nation of our's.  
All the people of Canada should have their  
Postal services from Canada Post only  
and all the services they give. Canada  
Post should continue to have an exclusive  
privilege to handle addressed letters  
etc. The letter market etc should not  
be opened to competition. This would  
be bad for all Canada. I do not want to  
see harm done to Canada. These are  
trusted, affordable and universal Canada  
Postal services is great and the Government  
should not be trying to fix what is not broken
