

To whom it may concern,

This letter is sent in response to the Strategic Review of services being provided by Canada Post. This email is sent on behalf of the Board and membership of DAWN-RAFH Canada to indicate our vigorous opposition to the deregulation of services provides by Canada Post and our grave concern regarding the possible implications for women with disabilities in this country. In both the rural and urban communities.

We would welcome the opportunity to provide qualitative and quantitative data to support our assertion and further to provide recommendations for ways that services could be improved for women with disabilities.

Please contact the undersigned, or our President Carmela Hutchison for any additional information.

Sincerely,

Bonnie L. Brayton
