Canada Post Corporation Strategic Review
330 Sparks Street (HCCR)
Ottawa, Ontario
K1A 0N5

Re: Strategic review of the Canada Post Corporation

I am writing on behalf of council for the Rural Municipality of Eyebrow No. 193.

This council is deeply concerned of the possibility of postal deregulation without the consultation of the public sector.

We would like to go on record as requesting that before the Federal Government makes any changes to the postal systems that they hold public hearings in the near future.

Being a municipality and acting on the governments behalf in regards to collecting municipal taxes and school taxes you can see how just how much our one office alone relies on Canada Post so we highly stress that you consult us, other government bodies and the public before making changes.

Best regards,

Chris Bueckert
Rural Municipal Administrator
