

July 29, 2008

Dear Ms. or Sir:

During the summer months I spend much of the time in the small town of Forest and frequently use the services of the Post Office. I am expressing my strong support for the Forest Post Office; it would be a shame and a mistake to eliminate the efficient, personal and friendly service provided by the employees.

I hope you listen to the public - we want to maintain this Post Office as it is.

Remember the voters!

Sincerely,

N.R. Fraser
