Re: Canada Post Corporation Strategic Review

Even with the advent of faxes and e-mails, as a small northern business I still rely on Canada Post for deliveries. Service in the north (as other rural areas) is subject to very different circumstances than large urban centres. I believe that deregulation would be detrimental to my business. Please ensure Yellowknifers and other northerners continue to get the same access to postal services as all Canadians.
Thank you.

Yours sincerely,

Karen LeGresley Hamre
President, Avens Associates Ltd.
