

July 30, 2008

The Honourable Lawrence Cannon  
Minister of Transport, Infrastructure & Communities  
& Minister Responsible for the Canada Post Corporation  
Tower C - 330 Sparks Street  
Ottawa, ON  
K1A 0N5

Dear Minister Cannon:

**RE: Canada Post Corporate Strategic Review**

At the Regular Council Meeting on July 15, 2008, Council received correspondence from the Canadian Union of Postal Workers advising that the Federal Government is currently conducting a review related to the deregulation of the Canada Post Corporation.

Council would like to express concern over the potential deregulation of the Canada Post Corporation without conducting proper public consultation and adequately determining the views of the owners of Canada Post.

As the result of the review will affect all Canadians, it is imperative that the study solicit the views of interested parties, including key stakeholders and the general public as we value the work of Canada Post Corporation's dedicated workforce.

Respectfully,

James Baker  
Mayor
