Village Of Macrorie

Canada Post Corporation Strategic Review

330 Sparks Street (HCCR)
OTTAWA, Ontario
K1A 0N5

August 23, 2008

Dear Sirs:

The Village of Macrorie is concerned about the future of our local Post Office, in view of the Government's hasty and private review.

As a small rural village we rely on Canada Post to serve our community, bringing in many letters and parcels for our citizens. We cannot be certain that we would receive such prompt and economical service from a variety of suppliers.

We oppose deregulation of the Post Office and believe that public hearings should be held to consult the citizens who most rely on this public service.

Sincerely,

Lorne Arthur
Mayor
