Canada Post Corporate Strategic Review  
330 Sparks Street  
Ottawa, Ontario

K1A 0N5

Dear Sirs:

**Re: Canada Post Corporate Strategic Review**

At its regular open meeting of July 7, 2008, Council reviewed a request from CUPW to support their efforts to save universal public postal service. Council unanimously resolved to support CUPW efforts and write a letter to Canada Post advising of this support.

Being a smaller community with no door to door postal service, we rely heavily on our local post office to serve our community needs. We do not wish to see this jeopardized in any way.

Please consider the needs of all communities, but especially smaller communities as you continue with your review.

Yours truly,

John Slater  
Mayor
