SUBMISSION TO CANADA POST CORPORATION STRATEGIC REVIEW August 26th, 2008

The Village of Stewart Valley welcomes this opportunity to make a submission to the Canada Post Corporation Strategic Review (CPCSR).

As users of the mail, we are concerned by the kind of changes being considered by the CPCSR, such as deregulation of our public post office. The Village of Stewart Valley relies on the mail to do our day to day business, such as bill payments, sending out tax notices and water bills, communication with the Village residents, and sending and receiving packages.

We are concerned that deregulation would negatively affect our members. Our post

The Village of Stewart Valley council are also members of the public with real stake in our public post office. We are concerned, from this perspective, that the government is not holding public hearings as part of its review of Canada Post. Any review of our public post office should include public hearings. The government should not make any decisions about our public post office until it has properly consulted the public. The government should also extend the deadline for submissions.

Thank you for considering our submission.
